Neuropsychiatric Symptoms in Parkinson’s Disease: Addressing Unmet Needs

AGENDA

A. Neuropsychiatric Symptoms of Parkinson’s Disease - Diagnosis & Management

» 8:30 AM
Registration and Continental Breakfast

» 9:00
Alessandro Di Rocco, MD
Introduction: Identifying Neuropsychiatric Symptoms of Parkinson’s Disease

» 9:30
Rebecca Gilbert, MD, PhD
Cognitive Impairment and Psychiatric Symptoms in Parkinson’s Disease

» 10:15
Coffee Break

» 10:30
Jori Fleisher, MD
Sleep Disorders and Pain Syndromes in Parkinson’s Disease

» 11:00
Miroslaw Brys, MD, PhD
Addressing Neuropsychiatric Symptoms of Parkinson’s Disease with Emerging Therapies

» 11:30
Lunch (On Your Own)

B. Neuropsychiatric Complications of Parkinson’s Disease Therapies

» 12:15 PM
Melissa J. Nirenberg, MD, PhD
Neuropsychiatric Complications of Parkinson’s Disease Medication

» 12:45
Michael H. Pourfar, MD
Neuropsychiatric Complications of Deep Brain Stimulation for Parkinson’s Disease

» 1:15
Coffee Break

C. Psychosocial Burden of Parkinson’s Disease

» 1:30
Amy C. Lemen, MA, LCSW
Addressing the Neuropsychiatric Needs in the Parkinson’s Disease Community

D. Review

» 2:00
Case Presentations with the Course Faculty

» 3:00 PM
Adjourn

Neuropsychiatric Symptoms in Parkinson’s Disease: Addressing Unmet Needs

Course Description
Parkinson’s disease is a neurodegenerative disease affecting approximately 1% of the population. It most famously causes movement problems including slowness, stiffness, rest tremor and balance problems. However, Parkinson’s disease and its treatments can also cause a myriad of neuropsychiatric problems including sleep disorders, dementia, hallucinations and impulse control disorders. These features can be as or more disabling than the motor features, and management of these symptoms is vital to maximize a patient’s quality of life.

Traditionally, those who care for patients with Parkinson’s disease focus on management of the motor features of Parkinson’s disease and do not spend enough time delving into and trying to manage the neuropsychiatric symptoms. This CME course will address the neuropsychiatric features of Parkinson’s disease, give a comprehensive overview of the problems that can arise, and suggest treatment options. It will also focus on identification and management of the psychosocial stressors for Parkinson’s disease patients that emanate from the neuropsychiatric symptoms.

Target Audience
Neurologists, physiatrists, psychiatrists, nurse practitioners and nurses

Accreditation Statement
The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement
The NYU Post-Graduate Medical School designates this live activity for a maximum of 4.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement
The NYU Post-Graduate Medical School adheres to ACCME accreditation requirements and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified conflicts of interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships, as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty, will be fully noted at the meeting.

Course Fees
Full Fee: $275
Reduced Fee*: $175

NYU Langone Faculty and Staff: $175

(Improvement applies to NYU School of Medicine alumni, former residents and fellows; physicians employed by the Department of Veterans Affairs Medical Center; physicians in training, full-time active military personnel; nurse practitioners, retired physicians, and all other non-physician healthcare professionals. Register online at:
http://cme.med.nyu.edu/parkinsons

After 12pm on February 26, 2015, only onsite registration is available, provided the course has not reached capacity. Onsite registrants will incur an additional $20 charge and will receive a receipt by email in 1-2 weeks. We cannot accept telephone or email registration. Registration is non-transferable.

If you have any questions, please contact our office at 212-263-5295 or cme@nyumc.org.

Refund Policy
In order to request a refund, you must complete and submit our online refund form no later than 14 days prior to the first day of the course. An administrative fee of $75 will be deducted from your refund. Cancellations or no-shows after this date are not eligible for a refund. Fax and email cancellations are not accepted.
