

Building Our Dream

THE \$200 MILLION GIFT FROM OUR CHAIRMAN

of the board and his wife is by far the largest our Medical Center has ever received, one of the largest ever presented to the University, and one of the top ten charitable contributions in the entire country in the past year.

- The Langones' gift is as unusual in spirit as it is in magnitude. Rather than being restricted to a particular purpose, as is usually the case for major donations, it is open-ended—given to help us build our dream. Their generosity is both a springboard for our efforts to become the world-class institution that our legacy deserves, and an important catalyst that has already inspired other major gifts.
- Our renaming, as the NYU Elaine A. and Kenneth G. Langone Medical Center, is an acknowledgement of contributions that go far beyond the checkbook, however. In the nine years that Ken Langone has chaired our board, he has

The Langones' gift is as unusual in spirit as it is in magnitude.

been tireless in his efforts on our behalf. He has earned our tribute to him in sweat equity alone! • Most important of all, perhaps, the Langones believe in us. They have selected us to be their legacy to the city of New York because of their faith in the quality and humanity of this institution, and in the dedication that faculty and staff bring to relieving pain and suffering. They are utterly

committed to making this institution all that it can be. • We are fortunate indeed to be the beneficiaries of such extraordinary magnanimity and support. •

DEAN & CEO ROBERT I. GROSSMAN, M.D.
